STAINLESS STEEL TIG & ORBITAL WELDING CERTIFICATION

This TIG & Orbital Welding Certification class will present an encapsulated overview of high purity process piping fabrication and installation procedures with "hands on" opportunity to: cut, prep, fit, & weld with tools and materials provided. The last night of class will be a proctored certification exam. This class is limited to 8 students only and will be available on a first come first serve basis.

Class dates: January 22, 2018 through May 3, 2018
Monday & Wednesday nights

Class times: 5:00 p.m. to 8:00 p.m.

Instructor: Bryan Thorne & Mike Bentley

*****NEW*** JOBSITE TECHNOLOGY ***NEW*****

NEW! Get on the train or get left behind. The future is here. This class will cover the latest industry workflows regarding fabrication and BIM. We will focus on how the information gets passed from the Detailers/BIM team to the shop and, ultimately to the field for installation. We will cover the different technology and tools that are used to facilitate these optimal workflows. Some topics covered are: LEAN Best Practices; Navis Scheduling; Material Procurement; Job Site Safety; Shop Workflows; Material, Tool, & Labor Tracking; Tablet Use Regarding BIM 360 Glue, Smart Reader, Cloud Information Sharing(BOX), & Blue Beam PDF.

Class dates: January 16, 2018 through March 29, 2018
Tuesday & Thursday nights

Class times: 5:00 p.m. to 8:00 p.m.

Instructors: Stephan Schnell

All classes are limited to a first come first serve basis and require a \$50.00 refundable deposit to secure your enrollment. Your deposit will be returned upon successful completion of the course. To enroll, you must sign up at the Training Office and provide your \$50.00 refundable deposit to secure enrollment. You will NOT be able to enroll by phone.
